Make UK, formerly known as EEF, champions and celebrates all UK manufacturers and manufacturing and is a powerful voice at local, national and international level for all companies from small to large in the manufacturing and engineering sector.

We create the most supportive environment for UK manufacturing growth and success, and we represent the issues that are most important to our members, working hard to ensure UK manufacturing remains in the government and media spotlight.

Our services help manufacturers increase efficiency, productivity, and capability across areas such as HR & legal support; health, safety & sustainability; compliance; and training & skills.

Together, we help your business perform.

We are fully committed to supporting manufacturers and we appreciate you are looking for something different from your bank. The complex nature of your business requires support from a bank that understands your industry, will deliver on its promises and believes in building long-term relationships.

We will work with you to find a finance package that may meet your needs. We have a range of products available to help you manage your day-to-day cash flow, purchase essential equipment, invest for growth and mitigate financial risks when trading in both domestic and international markets.

With business customers worldwide, we have both the expertise and the reach that could help manufacturing businesses with their international expansion.
